Fox West Texas Has become a trusted member of Downtown San Angelo. During these difficult times Fox West Texas has lead by putting their best foot forward, they have remained optimistic during these difficult times. Their acts reflect as an organization who care not only for them self but for their whole community, by providing support to small business in meaningful ways. As an added promotion to Downtown San Angelo, Inc.'s #DowntownStrong Campaign, Fox West Texas contributed to the campaign by producing local PSA announcements. The announcements featured downtown business merchants holding "We're Open" and "Stay Safe" signage while waving sincerely and spreading positivity among viewers.

The FOX broadcasting news room has a new look! Marketing Director, Bobby Schuyler stated the renovations "bring fresh and innovative look to our product". Some of the set designs are localized by featuring textures and materials that are familiar to West Texans. Best of all, there is a mural located in the back of the set which features the skylines of both markets that are served by FOX West Texas (San Angelo and Abilene). Schuyler stands by

his words, "Our overall on-air look and vibe has changed, but our commitment to the communities has not. We are still 100% dedicated to bringing all of west Texas honest, fact-based journalism presented in a fresh and modern way each night."

A Message from the Executive Director

Del V. Velasquez, Executive Director

Keeping the Central Business District businesses alive and well has been a major priority for Downtown San Angelo, Inc. as we kick-off 2021. The anticipation of continued progress in controlling the spread of COVID-19 and keeping the doors open for all businesses are positive indicators for the future development of our community.

The Chadbourne Street Re-Design kicked-off on January 12, 2021 at the intersection of Concho Ave. and South Chadbourne Street moving South towards the South Chadbourne Street Bridge. The preliminary phase of construction has been receiving unprecedented support from both property and business owners. Downtown San Angelo, Inc. has been at the forefront of assisting the City of San Angelo and the team of engineering and construction companies implementing this monumental task, by facilitating meetings and discussion with our downtown constituents to address their concerns and solutions to resolve issues being created by the constructions.

As a result, the community has responded largely with a positive resounding support for this project. Our Media partners in conjunction with the City of San Angelo Public Information Office have provided the public with constant communication of the street detours and how to get to businesses being impacted by the construction. Social Media has played a significant role in getting the word to the community of what to expect but more importantly how to get to business impacted.

Our Downtown Historic Gateway and Leading Lights projects also kicked-off and construction has begun in establishing Historic Street Lights at the intersection of South Koenigheim and West Concho Ave. that will lead up to the Historic Gateway (arch) at the intersection of West Concho Ave and Randolph. The Historic Gateway will welcome visitors and our community in the Heart of the City.

The initial phase of the South Chadbourne Street Re-Design and the Leading Lights and Historic Gateway are estimated to be completed by mid-February.

Our Downtown Strong and Brews Ewe and BBQ Cook-off are slated to start promoting and bring out the community and tourist to the Central Business District. The Brews Ewe & BBQ Cook-Off will kick-off March 5 – 6, 2021 at our new location “Neff’s Park” along the river banks of the Concho River. While we launch the Downtown Strong campaign on Thursday, March 11, 2021!

Downtown San Angelo, Inc. is committed to preserving our historical roots and buildings in keeping with the Texas Historical Commission – Main Street City program criteria. Solidifying the 14th year Downtown San Angelo, Inc. has received the National Accreditation from the National Main Street City Center.

Up-and-Coming DSA Inc. Projects

W. Concho Gateway and Streetlights

The implementation of a gateway and historic streetlights on the 200 block of West Concho are underway. The projects have gained steam in making this dream a reality for DSA and supporters of downtown. A longtime goal of the organization, establishing a gateway signifying entrance to the historic downtown district is moving forward. Additionally, new yet historic lighting will be placed from Koenigheim Street leading up to the gateway. The gateway itself will straddle Concho, and will be placed just past South Randolph Street.

Investing in historic downtown is a fundamental belief of Downtown San Angelo, Inc. Being able to develop the district by implementing capital projects such as the gateway and complementary lighting not only enhance the district as a whole, but set precedence for future improvements to take place. The organization is grateful to have the support of the City of San Angelo as well as businesses across the area in these efforts.

DSA is extremely grateful to have received grant funding and private donations to achieve the total fundraising goal to carry out the street lighting along West Concho Avenue. Institutions such as the San Angelo Health Foundation, the San Angelo YMCA, First Financial Bank, and the San Angelo Area Foundation serve as leaders within our community, and it would not be possible without their Board's generosity that the organization could pursue something on this scale.

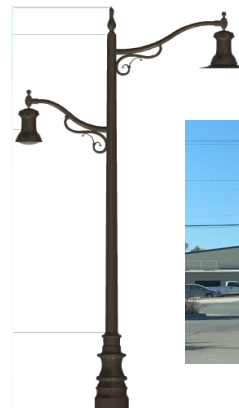

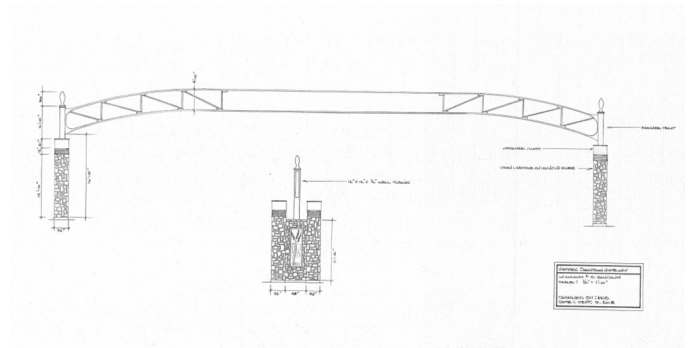

The gateway and streetlights will serve to set precedence for capital projects downtown with the hope to eventually replace the contemporary street lighting throughout downtown with light posts that are reminiscent and characteristic of the historic downtown district. As complementary pieces to the greater work which will be the gateway, Downtown San Angelo, Inc. also hopes to have

several gateways within downtown signifying an entrance to the district.

The organization would like to thank all of its supporters, partners and members as we engage in this process. It is the widespread confidence in DSA that allows us to pursue projects such as this and reinvest in the betterment of downtown as a whole.

Streetlight status update: the streetlights have been successfully placed along Concho Ave.

Gateway status update: Silver Fox Construction is working through COSA Permitting

"BUILDING DOWNTOWN, ONE BLOCK AT A TIME"

The Downtown Dose

Downtown San Angelo Inc, (DSA) is a non-profit 501(c)3 organization, dedicated to the revitalization and preservation of historic downtown San Angelo. Additionally, we are a Texas Main Street, Nationally recognized urban city and a National Trust of Historic Preservation member.

Established in 2004, Downtown San Angelo, Inc. was formed by a group of 35 individuals who were dedicated to downtown revitalization. In November 2005, the organization was granted membership in the Main Street Program. This program is a major effort by the National Trust for Historic Preservation to provide assistance to cities whose older central business districts are seeking to retain some vestige of their visual character and whose economic position is slipping. The premise of this program is that economic revitalization can take place within the context of historic preservation.

Why do I want to be a member? What does DSA do for me?

Downtown San Angelo, Inc. focuses on revitalizing and promotion commerce and the history of San Angelo within the downtown area. Not all projects that we engage in are geared towards helping an individual. We support Downtown as a whole; from preserving old buildings to bringing in new business, hosting events that bring visitors downtown, partnering with other organizations and everything in between.

When the area is more functional, visually appealing, and trafficked, your business wins for being in a purposeful, appealing and well-traveled location.

The Downtown San Angelo, Inc. program engages not just the district's property or business owners or local government, but all members of the community who are interested in the community's overall health. You can be part of preserving history and protecting monuments and locations that you may remember from your childhood for future generations. It is a preservation of the way of life in San Angelo where Downtown is the central hub and the entire community gains.

Downtown San Angelo, Inc. does not create this in itself, but is a huge component, utilizing historic preservation, promotions, design and economic restructuring in positive economic development.

We are a non-profit 501 (c) 3 organization. We receive a portion of our funding from the City of San Angelo, memberships, corporate sponsorships, private contributions and grants. Your donation could help to aid in our efforts. Involvement by both the public and private sectors is critical; neither can revitalize the commercial district without the other.
